## "Bill" Holyk and Family To Reside In California

Mr. and Mrs. Bill Holyk and four daughters, Sandra, Cheryl, Holly and Karen left here Sunday for Los Angeles, Calif., where they will take up residence.

"Bill", very well known in Southern Alberta, will be greatly missed for his very active participation in all community affairs.

Born in Coleman, he attended school here, and after finishing his schooling, worked in his father's store, which he took over on his own in 1952, and operated it successfully as Holyk's East Coleman Grocery until he sold out two months ago.

During World War II Bill served with the RCAF for three and a half years. He was a member of the Coleman Volunteer Fire Brigade from 1935 until 1953. He took an active part in the Board of Trade and was president for two years, secretary for two years and on the executive for 13 years.

During his long term with the Board he was the party responsible for the fine camp shelter built in the town park.

When Coleman celebrated its 50th anniversary, he was in charge of having a commemorative booklet printed. He also worked very actively on the committees sponsoring the Rodeo from the time it started until this year.

He also took an active part in the Retail Merchants' Association, being secretary of the Coleman branch and of the Crows Nest Pass branch since 1951.

He was the party responsible for Monday closing of stores in the Crows Nest Pass towns.

When mines in the Crows Nest Pass ceased operations, Bill was one of the men on the committee that visited three provincial ministers in Edmonton in hope of getting some action to assist the miners and the industry.

He is also a member of the Coleman Elks Lodge, and of the Holy Ghost Catholic Church, and is a 27-time blood donor to the Red Cross and last fall was awarded a certificate for this.

Bill married the former Kathleen Kubasek of Bellevue, and the couple have lived in Coleman since.

## Open House Set For July 23

Open house will be held at the Canadian Bechtel Company and the Canadian Trailer Company at Sentinel on July 23rd. The Alberta Trailer Company are handling the catering facilities for several hundred men that are working at the processing plant at Sentinel.

Open house is to be held for adults from 1:00 p.m. to 4:00 p.m. when visitors will be welcomed and will have the opportunity of seeing how the men live in the construction camps.

Meanwhile work is progressing very favorably on the construction of the Sulphur plant. Work is also progressing on the \$10 million pumping station that is being built just west of the Alberta - British Columbia border on the south side of the number three highway.

The new housing development on the north side of the highway at Sentinel being built by Alberta Gas Trunk Line company for the maintenance crews is rapidly nearing completion as the outer shells of the homes have been built and workmen are now working inside the ten new \$20,000 homes.

It has been indicated that when the modern units are fully completed the homes will be the show place of Alberta. The units will be serviced with gas, a sewerage system and the grounds will be fully landscaped.

## New Doctor At Coleman

Dr. John Chappel and wife have this week taken up residence in Coleman where Dr. Chappel has accepted a position with Dr. Emil Aiello.

He studied in Edmonton and worked in the Royal Alexandra Hospital in that city prior to coming to the Crows Nest Pass. Dr. Chappel's father is a United Church minister and has travelled all over the western provinces.

In Blairmore, piano results are as follows:

Grade 10 first class honors, Edna Yagos; grade nine, honors, Elaine Herford; grade eight, first class honors, Tess Thornton, Peter Costigan, Arlene Marconi, and honors, Barbara Blake; grade seven, first class honors, James Montalbetti, Ralphina Delucca, Judy Holyk, honors, Peter Amundsen and Wesley Dunford; grade six, first class honors, Kenneth Murdoch, Ines Liskovsky and Connie Marconi (equal); grade five, first class honors, Albert Krywolt, Laureen Goodfellow, and Myra Lloyd (equal); Joan Marciol, Carole Kishka, Eleanor Kroll (equal); honors, Florence Kanik and Vivian Blake.

Grade four, first class honors, Patrick Ondrus, Joseph Aiello, Frederick Bradley and Arlene Krywolt (equal); Cheryl Holyk and Andrea Riva and Brian Zak (equal); honors, Laurie McLeod and Linda Marconi (equal), Peter Russell. Grade three, first class honors, Louise Costigan, Lois Hall and Marianne Spatuk and Sandra White (equal), Greg Ferstay; honors, Hazel Hurtak and Valdene Salus (equal); Frances Lamey.

Grade two, first class honors, Gordon Radford, Eame Malanchuk, Marion Kropinak and Deborah Malanchuk (equal), Denise Aiello, Elaine Dobek, Evelyn Gibos and Jill Russell and Christine Upton (equal); Christopher Ondrus, Monica Kropinak, Denis Dobek and Patricia Dunn (equal); honors, Myrna Brown and Christyann Dunford (equal).

In Blairmore, violin grade seven, first class honors, James Montalbetti and in Blairmore trumpet, grade five, first class honors, Peter Amundsen.

In Coleman, piano, grade four, first class honors, Donna Rypien; grade three, honors, Gloria Tymchuk and Sheryl Tabor. In grade two, honors, Lynn Menduk and in grade one, honors, Gayle Weber.

In the Blairmore theory exams, grade two, first class honors, James Zak, and grade four, first class honors, Ines Liskovsky.

## Elks Hold Picnic At McBain's Lake

The Coleman Elks Lodge, including members and their families, totalling over 100 persons, made the annual trip to McBain's Lake in British Columbia on Sunday, July 9th, where the Elks enjoyed their annual picnic.

Races and games were enjoyed by the young people and all enjoyed an afternoon of swimming. A giant picnic was held with ice cream, pop, hot dogs and lunch being provided by the Lodge.

One of the highlights of the annual event was missed this year as Past Exalted Ruler John Holyk of Coleman, did not show up for his annual ducking.

Some of the members report that "Johnnie" turned "chicken" at the last minute and decided not to come.

Each year Mr. Holyk is the victim of a good ducking - clothes and all - into the lake. This ducking started several years ago when Johnny was loaded into a wheelbarrow and wheeled off the end of the dock into the lake.

Last year he was caught by a number of men and hurled bodily into the lake.

## Coleman Legion Polio Campaign Collects \$390.45

The Coleman Legion and the Ladies Auxiliary to the Legion wish to announce that the total donations of the Polio Campaign amounted to \$390.45. A cheque for that amount has been forwarded to the Canadian Foundation for Poliomyelitis, Edmonton, which is being handled by the Canadian Legion.

The Legion wishes to extend their sincere thanks to the citizens of Coleman for their generous support.

AT CAMP - Several militiamen from Blairmore, Bellevue and Coleman attended a one-week's summer camp at Camp Sarcee, Calgary, from July 1 to 8. Shown in picture during a map reading exercise are members of 32 Tech. Sqdn. - kneeling left to right: Cpl.

Joe Vlasak, Blairmore; Cfn. John Ellison, Bellevue; S. Sgt. Mel Corbett, Coleman; S. Sgt. Harry Lord, Blairmore. Standing: Cfn. Martin Ulrich, Blairmore; Cfn. Martin Pratt, Blairmore. (Canadian Army Photo).

## Second Vote On Sewer Money By-law May Be Taken

Coleman town council met Tuesday evening when Returning Officer T. A. Collister reported on the recent money-by-law vote held in town for the purpose of borrowing the sum of \$260,000 to install a sewer system to serve the town of Coleman.

The report showed that the ratepayers had voted 49½ per cent in favor of the money by-law and since there were 13 spoiled ballots, the majority of persons in town had favored the installation of the system.

However, a 66½ per cent majority is needed and council are going to look into the possibility of another vote being taken in the very near future as many of the ratepayers in town were perturbed over the by-law being turned down and it is felt that the by-law should be given another chance.

Council read over and signed the

## Old Age Pensioners Enjoy Picnic

A bus load of members of the Coleman Old Age Pensioners Association and the Hillcrest Old Age Pensioners Association totalling some 48 persons travelled to Waterton Lakes by chartered bus Wednesday to attend the Annual Southern Alberta Old Age Pensioners' Association Rally held there.

Ideal weather favored the rally and the 240 members attending enjoyed a perfect day of bingo, games, contests and picknicking which wound up in the early evening. Present were members from Lethbridge, Taber, Fort Macleod, Pincher Creek, Hillcrest and Coleman groups.

## Jehovah's Witnesses Attend District Assembly

Witness delegates from Coleman were among the attentive crowd of 28,852 at Vancouver's Empire Stadium, Sunday, July 9, to hear the key talk of their six-day United Worldshipers District Assembly.

Nathan H. Knorr, president of the Watch Tower Bible and Tract Society from Brooklyn, N.Y., delivered the discourse on the subject "When All Nations Unite Under God's Kingdom".

Mr. Knorr asked his audience, "Where do we get the idea that all nations will unite under God's Kingdom?" He answered by stating, "We get that wonderful vision of the whole human family prosperously at peace with itself and with its God from a Book. That Book, the Bible, is backed up by the unity and stability of the known universe. Long ago this indestructible Book foretold the uniting of all nations under God's Kingdom."

He continued, "Today there are thousands of people who have accepted what the Bible says, namely, that God's Kingdom is the only hope for humanity for uniting nations. They have left their political divisions behind and have accepted the one worship, one God and one faith. They have clothed themselves with the spirit of love, which is the perfect bond of union."

## Winners In The Kenora Draw

Below is a list of winners in the Kenora Community Centre Building draw. Tickets were sold in Coleman by the Coleman Elks Lodge.

(Draw made July 1st, 1961). Grand prize, Mr. Ernest F. McParland, North Bay, Ont. Consolation awards: Second prize, Mrs. Ray Westlund of Kenora, Ont. Third prize, Mr. D. S. Hinchey of Edison, Alberta.

Fourth prize, Mr. M. J. Hutson of Ingersoll, Ont.

Fifth to seventh prizes: Mr. B. Bannesholt, Saskatoon, Sask.; Mr. C. Canham, Merlin, Ont.; and Mr. L. Way, Walford Station, Ont.

Eighth to tenth prizes: Mr. T. Evans, Transcona, Man.; Mr. C.A. Pinkerton, New Liskeard, Ont.; and Mrs. Chris Olson, of Ottawa, Ont.

Mr. Knorr urged his audience to "be united under God's Kingdom for our salvation, as it is the only government of protection that can and will preserve us at the battle of Armageddon."

The highlight of the Friday session was the baptism - ordination ceremony where 604 new ministers were added to the preaching fellowship of Jehovah's Witnesses.

Witnesses believe that all their ministers must be baptized following their initial training period.

According to Mr. W. L. Krish, presiding minister of the Coleman Congregation, the local delegates will be eager to apply the many new points on improved techniques in house-to-house teaching of the Bible acquired at the gathering.

"This will result in great community benefit to all," he said, "the sharing of the qualities of Christian unity with their neighbors."

Remember the good of days - when charity was a virtue, not an industry?

Live pedestrians and successful men always think fast on their feet.

## To Reside In Okotoks

A very quiet wedding was solemnized by Rev. K. Iwaasa on Wednesday, June 15 at 3 o'clock in Blairmore United Church when Miss Gladys Jeanette Stonehouse of Coleman became the bride of Mr. Richard Bruce Giesbrecht of Blairmore.

The double ring ceremony united in marriage the daughter of Mr. and Mrs. Dennis E. Stonehouse of Coleman, and the son of Mr. and Mrs. B. J. Giesbrecht of Rosthern, Sask. The sacred vows were exchanged amid a setting of beautiful garden flowers.

With Miss Diane Price of Bellevue as organist, the bride was escorted to the altar by her father, and was radiant in a white cocktail length gown of Chantilly lace with light point sleeves and featuring a large satin bow at the waist. Her elbow-length veil of illusion net, misted from a crown of rhinestones centred by a teardrop pearl.

The groom's gift to the bride was a three-piece set of Alaska Black Diamond. She carried a bouquet of red roses and white carnations.

Miss Sharon Lord of Blairmore was the bride's only attendant and she wore a short formal gown of aqua chiffon with bouffant skirt and cummerbund waist, ending in a bow at the back. She wore white accessories and carried a bouquet of white and pink carnations.

Cst. Stuart King of Blairmore, was best man.

At 5:00 p.m. a reception for about 20 guests was held at the Turle Mountain Hotel. The head table was centred by a two-tiered cake topped with three silver bells and lily of the valley.

Toasts were proposed by Stu King and Ernie Gareau, brother-in-law of the bride.

For her daughter's wedding Mrs. Stonehouse chose a beige dress with white accessories and wore a pink rose corsage.

Mrs. Giesbrecht wore a green sheath with white accessories and her corsage was also of pink roses.

For a honeymoon at Waterton Lakes National Park, Mrs. Giesbrecht changed to a white cotton dress with white accessories and wore a pink rose corsage.

The happy couple left Blairmore to reside in Okotoks where Mr. Giesbrecht has been transferred by Canadian Bechtel Ltd.

Guests at the wedding were Mr. and Mrs. B. J. Giesbrecht and daughter Cathy of Rosthern, Sask.; Mr. Ronald Baun of Edmonton; Mr. and Mrs. Ernie Gareau of Fernie, B. C.; Mrs. Gladys MacDonald and Mr. Kurt Syryca and Miss Geraldine Panek all of Coleman, Alberta.

## Coleman Couple Find Rare Lily

Mr. and Mrs. Norman Plante have for the second year in a row, found a pure yellow, wild tiger lily in the Pass near Burnis.

Last year while the Plantes were out one day they found a wild yellow lily and without thinking, picked it. Later they thought they should have picked the bulb and transplanted it at home. With so many stalks sticking out of the ground, they could not remember which had produced the yellow flower.

This summer the Plantes returned to the same spot, and, sure enough, another bright yellow lily had blossomed. The plant was carefully removed, bulb and all, and transplanted in their yard in hopes it will produce.

The yellow lily did not have the black spots like the common red tiger lily, and Mrs. Plante gave the lily they picked last year pressed in a book and it has retained its normal yellow colour. The couple have been picking the wild lilies for many years.

## Red Cross Notes

Mail work started in October. Since then 16 quilts have been made and sent to Calgary, also a box of used clothing.

Many thanks to all workers who have helped in any way. Also special thanks to Mrs. A. McQuarrie who is in charge of work room and also responsible for shipments going and coming from Calgary.

Work rooms will be closed during July and August.

## Remington Portable Typewriters

## Better TV Reception Expected For Pass Area

Ottawa, Ont., July 8, 1961.

Mr. Frank Marra, Blairmore, Alberta, Dear Sir:

Thank you for your petition signed by a number of residents of Blairmore, stating that you are patiently waiting for the new TV service to be established in the Crows Nest Pass.

I requested Mr. Botterill, president and managing director of CULH - TV, Lethbridge to make a report and I understand that technical difficulties have apparently caused the delay. Mr. Botterill is responsible for the establishment of the service and, from his letter reproduced below, you may read of his plans for extending TV service to the Crows Nest Pass and Pincher Station.

Yours sincerely,

Lawrence E. Kindt, M.P.,  
Macleod Constituency,  
Lethbridge Television Ltd.,  
P. O. Box 1120, Lethbridge, Alta.,  
Canada - June 30, 1961

Dr. Lawrence E. Kindt, M.P. for Macleod Constituency, Nanton, Alberta.

Re: Crows Nest Pass TV Coverage

Dear Dr. Kindt:

I'm sure you will be pleased to know that the Department of Transport has accepted for filing our application for the establishment of a rebroadcast station designed to give adequate coverage to the Pass area, including Blairmore and Coleman. In addition our engineers assure me that a much improved service will result for Pincher Creek and the area west, which due to the hilly terrain suffers from indifferent reception directly from our Lethbridge transmitter.

Procedure now requires the Department of Transport to process our technical application and if acceptable to refer the application to the Board of Broadcast Governors for their next public hearing, the latter part of August.

It is our intention to be poised ready, and immediately upon receiving the "go ahead" from the Board we will commence construction and installation. An October operational date appears quite possible. I shall keep you informed.

Yours sincerely,

Norman Botterill,  
President and Managing Director.

## Letter to the Editor

2670 Beach Drive,  
Victoria, B. C.  
July 6th, 1961.

Dear Tom,

Please find enclosed a cheque for the usual \$3.00. I am still very interested in what is doing in the Crows Nest Pass, Coleman in particular, it is just 56 years today the 6th of July, 1905 when John Stout and I set our feet down in Frank, Alta. I am sorry to see so many of the old timers passing along the road of no return. I still hope that the Pass will prosper again. Kind regards and long life to the Journal.

Yours truly,

George Pattinson  
(Editors Note: George was a well known and respected former Colemanite and held the office of Mayor for a number of years.)

## Elks Name Bingo Winners

Coleman Elks Lodge held its regular bingo night last week when the consolation prize of \$15 on the \$200 jackpot prize was split by Mrs. J. Mayerchuk and Mrs. B. Parry of Coleman.

Other prize winners were:  
25 gals. gss. Mrs. M. McQuarrie, sr.

\$10, Anne Topak and Pauline Kroesing.

Aluminum ware set, Mrs. F. Joseph.

\$16, John Hardy.

Grocery hamper, Velia Phillips.

\$25, Mrs. T. Pollack, Natal.

Electric frying pan, Mrs. T. Williams, jr., Blairmore.

Bincoculars, Mrs. Evelyn Farano.

\$20, Mrs. J. Rushton.

Copper cannister set, Mrs. H. Holub of Natal, B. C.

Grocery hamper, split by Mrs. J. Poch of Frank, and Mrs. F. Kubik and Mrs. T. Williams of Blairmore.

### OF MANY THINGS

(By Ambrose Hills)

#### To Those In Need

Some while back I wrote a column in which I said that the meanest of means tests is the one you fill out each year for the income tax people — because it is a test to find out how much will be taken from you, not how much will be given to you.

An editor wrote to me about it.

"I'm going to print your column about the means test," he wrote, "but you can be sure a bunch of starry-eyed cranks will scream that you are a callous character. You are as right as rain, though, and if the country doesn't start to give generously to those who really need it and quit handing out money to those who ought to be able to pay their own way, there are going to be mighty bad times before we are through. In my opinion, there are very few excuses for a man who can't make enough in this town to pay his own way without climbing on other backs. Yet there are a few who, through no fault of their own, desperately need more help. Shotgun-type welfare payments ought to be stopped and the welfare money should be spent only where there is honest need."

He published the column, and so far there hasn't been too much objection to it. It seems to me that there are many Canadians who see clearly enough that welfare costs are getting out of hand and to whom promises of more and more welfare are no longer attractive.

I noted the other day that a professor, educated in Toronto, has been saying that "In an opulent society such as our own, the individual should be responsible for his own upkeep during the early stages of unemployment or sickness." That seems to me to be just a smoother way of expressing what I was trying to say. In most small emergencies, men can look after themselves and their families; it is when disaster strikes that help is needed, and then it should be prompt and generous.

This is a serious matter, because our social costs find their way into the price structure of everything we buy or sell.

Prices get higher while profits get lower. Business begins to drag its feet, and unemployment mounts. Money for social service dries up. In the long haul, it is better to limit the load now than to continue until all the sources of revenue have disappeared.

"SLOW DOWN AND LIVE!" is the No. 1 safety rule which Canadian motorists should follow during the summer months, according to the Canadian Highway Safety Council and several provincial safety organizations.

And here are some other safety tips which they should keep in mind on their summer trip:

- 1. Keep Your Car in Top Mechanical Condition**—Steering gear, brakes and lights are especially important. Watch your tire pressure. Improperly inflated tires, plus summer-hot roads can equal blow-out disaster!
- 2. Keep Your Eye on the Cars Behind and in Front of You**—Anticipating what the other fellow may do is an essential of safe driving. Keep your distance — a car's length for every 10 miles of speed.
- 3. Stay Alert At All Times**—On long, monotonous drives, stop every two hours for a coffee-break (iced coffee is just as effective as hot for sharpening your reflexes). Get out of the car, walk around, relax for a few minutes.
- 4. Share the Wheel If You Can**—Don't fight fatigue. Pull over to the side of the road and take a rest. You'll lose a few minutes . . . but perhaps save your life!
- 5. Know and Obey All Traffic Regulations**—especially speed laws. Speed too fast for conditions is the most common cause of fatal highway accidents.

— SLOW DOWN AND LIVE!! —

### Militia Unit Attend Summer Camp

Militia men and women from units in all parts of Southern and Central Alberta, and Southeast British Columbia converged on Camp Sarcee for the summer training which was held from July 1st to July 8th inclusive.

Approximately 900 members attended this camp, located just to the southwest of Calgary. Units have moved into the second such concentration in two years.

A year ago, after an interval of several years, 22 Militia Group organized and operated its first National Survival Camp dubbed a "Do It Yourself Camp" as it was largely self-operated by the Militia. Last year's training program culminated with a two-day exercise involving an evacuation of all troops, signalled by a mock atom bomb, and a re-entry exercise into the bombed town of "Greggsville" as a demonstration of rescue training.

The 1960 scheme was so successful that it became a model for Militia training all across the country. Lessons learned from it were incorporated into training instructions which will govern the 1961 operations.

Here at Camp Sarcee you will find soldiers from Medicine Hat, from Brooks, from Pincher Creek, from Cranbrook, from Nanton, from Fort Macleod, from Creston and many other places.

They are here to learn about the art of survival and during the week at camp will come to learn of many, many things.

Training for the camp includes National Survival instructions for all ranks in rescue first aid, radiation monitoring, communications, traffic control and the like.

In addition there will be an early exercise for all officers and a larger wind-up effort. Exercise "Gone Fission" will begin Thursday when a simulated attack bomb will signal an attack and trigger an evacuation of all personnel.

Next morning troops will re-form into two mobile survival columns and will move to re-enter Greggsville where rescue operations will take place.

Group Commander is Brig. H. T. R. Gregg, C.D., Calgary.

### Underwater Operations

The Coleman Journal is the recipient of the following news release from RCMP Police Lethbridge sub-division re Canada Shipping Act—Underwater Operations:

1—The Department of Transport at Ottawa, have advised that a diving flag, which is described as a red square flag with a white diagonal stripe extending from the top of the hoist to the bottom of the flag, is now used by organizations when diving or underwater operations are under way.

2—Operators of motor boats and other vessels are advised to exercise particular vigilance and care when navigating in waters where this signal is exhibited.

3—Due to the increased popularity of "skin-diving" all persons engaged in this sport, and also operators of small boats should be aware of the existence of such a signal and also the fact that it indicates divers are in the vicinity.

### Plan for easy picnic meals

The exodus from town to country has really got away to a start. So check the outage and picnic market list and see if these foods are included in the order:

Have you got a package of skim milk powder for the days when the fresh supply runs out or lack of ice turns fresh milk sour?

Have you dehydrated soups, salad dressing mixes, powdered fruit drinks, instant potatoes and onion flakes for small storage and easy using?

Have you added instant or quick cooking cereals and cocon for cold rainy mornings?

Did you remember ready-to-eat cereals for baking and eating any time of the day?

Did you find the answer to all-ways having meat on hand by adding canned meats to your list?

Right now canned pork luncheon meat is a real bargain. In itself it's many uses are convenient as its price.

Try some of these ideas for using it in salads:

1—Add Julienne strips of pork to a tossed salad.

2—Combined equal quantities of pork and celery. Add one or more of the following: diced green or red pepper, cucumbers, sweet pickles, cooked peas, hard-cooked eggs, olives, nuts. Moistened with mayonnaise or cooked dressing.

3—When making jellied consommé in fancy or oblong shape add wedges, cubes or strips of pork together with one or more fresh vegetables.

4—Add diced pork to hot or cold potato salad.

5—Add finely diced, mashed or shredded pork to egg yolks when making devilled eggs.

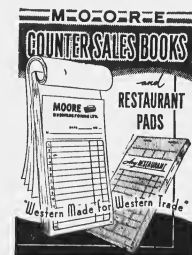

6—Stuff tomatoes with diced or chopped pork alone or in combination with vegetables.

7—Use sliced pork for a cold meat plate in combination with lettuce cups filled with potato or egg salad, cole slaw or tossed salad or slices, wedges or strips of salad vegetables.

A pink elephant, a green kangaroo and two yellow snakes went into the night club and glanced at the clock as they sat at the bar.

"You're a little early, boys," volunteered the bartender, "he's not here yet."

It's bad enough to be a quitter. But it's worse to finish something you never should have started.

## Cross-country Hiker Visits The Journal

Forty-eight-year-old George Jas. Whitbread, of Toronto, Ont., who is making the first known west-east tour from Victoria to St. John's, Newfoundland, stated the hardest part of his journey so far since he left Victoria on May 12 was the Creston-Salmo cut-off which he came over on Tuesday, and shied away from a grizzly and two black bears he encountered on the journey.

Mr. Whitbread was in Coleman on Wednesday, July 11, and stayed over for the night, he received a letter of commendation from Mayor Aboussafy, and through the courtesy of Mr. Angelo Gentile of the Grand Union Hotel received a free room for the night.

Later that same night he was a guest of the Coleman Legion, and wished to thank all for their kindness during his stop over here.

The hiker, who is not sponsored by any person, is carrying a letter from the Hon. Earle Westwood, to Premier Joseph Smallwood of Newfoundland, and enroute secures a letter from the mayor of each community he passes through.

He carries a 50 pound pack of equipment for the journey and travels in expensive boots which, in spite of their sturdiness, show the effects of his travelling.

He camps out at night and travels against the traffic in the daytime, and figures he makes from 18 to 32 miles per day, depending on the terrain and conditions.

Mr. Whitbread, who calls himself a "city-slicker", keeps a log book and official signatures from every place he visits and has as his headquarters Haden Studios of Rossland.

## Buffalo Hunting In Northwest Territories

Sportsmen who hope to test their luck at bagging a buffalo in Canada's Northwest Territories during the coming hunting season will also have a chance of adding a black bear to their trophy collection.

Recent changes in the hunting regulations for the Territories allow holders of buffalo hunting licenses to obtain a license to shoot one black bear at no extra charge. Black bear are plentiful in the buffalo hunting area, and will provide extra sport for hunters fortunate enough to bag their buffalo during the first two or three days.

In addition to the prospect of taking a buffalo and a bear, hunters are offered number of streams for wilderness canoe trips and river and lake taking with lake trout, walleyes and northern pike. Also on the hunting menu are game birds such as ruffed, sharp-tailed and spruce grouse, and geese and ducks at the west end of Lake Athabasca and on the Hay Lakes in northern Alberta.

The buffalo hunting season opens September 1 and closes November 30. A maximum of 100 licenses will be issued and each hunter is allowed to shoot one buffalo. An area of several hundred square miles along the Slave River south of Great Slave Lake, offers the world's only wilderness buffalo hunt. Hunters must hire guides because the country is wild and the buffalo can be dangerous.

License fees run from \$25 for a Canadian resident of the North-

west Territories to \$300 for a non-resident alien. Total costs of the hunt vary according to the tastes of the individual hunters, the distance travelled and the amount of meat shipped out.

Two outfitters provide the hunter with all services and supervise all arrangements, providing accommodation, cooking facilities, meals, guides and horses.

They also handle applications for licenses and enquiries concerning arrangements. The two outfitters are C. W. Brewster, Box 99, Banff, Alberta and S. E. Burrell, Box 350, Sundre, Alberta.

General enquiries on buffalo hunting and travel in the Northwest Territories should be directed to: Northwest Territories Tourist Office, Kent-Alberta Building, Ottawa, Ont.

## Aquarium News

Several of 13 baby sharks born June 13 to a dog fish shark at the Calgary Aquarium are presently on display at the Aquarium, located on the Calgary Brewery grounds at 9th avenue and 15th street S. E.

The birth of the young sharks is believed to be the first occurring in captivity in Canada.

The young sharks—each about eight inches in length—were taken from their dying mother by Caesarian operation performed by Aquarist Peter Boerschaper and Tony Rucki.

They are premature but appear lively and in good condition. Their digestive systems were not fully developed and they have been feeding from the yolk of the egg from which they developed.

Elmer H. Taylor, curator at the Calgary Aquarium, captured the mother shark six weeks ago while on a specimen search off the coast of Vancouver. She was shipped by air to the Calgary Aquarium in a plastic container designed by Mr. Taylor for the transport of fish. Upon examining her in Calgary he suspected she was in the last stages of pregnancy which, in sharks, is of almost two years' duration.

She refused food from the time of her capture. Mr. Taylor was specimen hunting in California coastal waters, and in his absence his assistants followed his previous instructions to operate on the mother shark when it became apparent she was dying of starvation.

Young of the shark are live born, rather than hatched, and the Caesarian operation was successful in allowing the babies to be taken without difficulty.

## Albertans Given First Opportunity To Buy Bonds

It was announced by Premier E. C. Manning today that the people of Alberta will be given the first opportunity to buy the \$15,000,000 Alberta Government Telephone bond issue to be offered August 1 of this year through the head office of the Treasury Branches.

The funds are required to finance a substantial capital development and modernization program in keeping with our province's progress.

The bond issue is designed in such a way that both five and 20 year maturities will be available in denominations suitable to all investors.

He indicated that this unique opportunity will permit Albertans to invest in an Alberta Government guaranteed bond and share in financing the capital needs of this stable public utility. It will keep interest payments within the province, he said, and he anticipated may well be the fore-runner of Alberta citizens financing the major part of municipal and hospital requirements as well.

The Head Office of the Treasury Branches is prepared to fill orders from investment deals and chartered banks as well as their own branches. He said that further information on this special opportunity for Alberta citizens to have first priority on this guaranteed offering set to yield an attractive return will be released in the near future.

IN ORDER TO PUBLISH reports of meetings of various organizations, it would help if a press correspondent was appointed by each one to send in the news. It is impossible for a reporter to attend all the meetings, therefore co-operation would be appreciated, and at the same time publicity would be assured for the meetings.

Truth has only to change hands a few times to become fiction.

**MINIMUM HOUSE**—Intended for construction where municipal services such as sewer, water and electricity are not available, this design by Central Mortgage and Housing Corporation is an example of the minimum requirements in planning, construction and materials for houses financed under the National Housing Act. It is expected that the house can be built in outlying areas for about \$5,000. Exterior dimensions of the house are 36 feet, one inch by 24 feet, four inches. The house is built on piers or columns instead of a basement or running foundation while other cost-saving devices include the use of a space heater and prefabricated chimneys. Working drawings for this house, known as Design 2000, are available from Central Mortgage and Housing Corporation at minimum cost.

## Personalities IN THE NEWS

Mrs. Irene J. Michalski of Blairmore accompanied her mother-in-law, Mrs. J. Michalski of Coleman on a jet trip to Czechoslovakia. The couple will return to the Pass in September after visiting relatives in that country.
